📁 Portfolio | 🛠 AI Accountant – Live Project | Lahore, Pakistan

Professional Summary

CA Inter Student with hands-on experience in accounting, internal audit, ERP-based transaction processing, bookkeeping, bank reconciliations, and financial documentation. Experienced in branch audits, control testing, cash verification, audit working papers, and day-to-day accounting operations. Also experienced with ERP systems, advanced Excel, Odoo ERP, and AI-assisted accounting technology and development.

Professional Experience

Accounts Assistant

AI Areesh Engineering Solutions (Pvt.) Ltd.

Sep 2026 – Present

Lahore, Pakistan

- Support day-to-day accounting operations, transaction processing, bookkeeping, and financial documentation.
- Developed good working knowledge of **Odoo ERP**, including accounting workflows, transaction processing, and day-to-day ERP operations.
- Learned and applied Odoo-based processes for maintaining accounting records, processing transactions, and managing supporting financial information.
- Assist with reconciliation, invoice processing, ledger updates, and verification of supporting documents using ERP-based workflows.

Staff Internal Auditor

HBL Microfinance Bank Ltd.

Mar 2026 – May 2026

Lahore, Pakistan

- Conducted branch audits across Shahkot, Batapur, Kasur, Raiwind, and Sheikhpura, assessing compliance with internal policies, the Operations Manual, and SBP regulations.
- Supported the Team Lead in identifying errors, irregularities, potential fraud indicators, control gaps, and audit observations; contributed to working papers and reporting.
- Reviewed financial records, legal documents, and property collateral files to assess accuracy, completeness, and risk exposure.
- Performed branch-counter cash verification in line with SBP guidelines and assisted with audit planning, sample selection, and fieldwork execution.

Accounts Officer

Haris & Co. Engineering Concern

Aug 2025 – Feb 2026

Pakistan

- Managed daily bookkeeping, including journal entries, ledger maintenance, and accurate classification of financial transactions.
- Maintained accounting records using ERP systems for end-to-end transaction management and processed sales orders, SMRs, outward gate passes, and sales invoices.
- Prepared and posted BPV, CPV, JV, and BRV vouchers with accuracy and supporting documentation.
- Prepared monthly bank reconciliation statements to ensure financial consistency and identify discrepancies.

Accounts Intern

Haris & Co. Engineering Concern

Jun 2025 – Aug 2025

Pakistan

- Assisted in maintaining accounting records and updating financial data in ERP systems.
- Supported preparation and posting of BPV, CPV, JV, and BRV vouchers under supervision.
- Helped process sales documentation, including invoices, SMRs, and gate passes, and assisted with bank reconciliation.
- Performed basic bookkeeping, data entry, supporting-document verification, filing, and document organization.
